

FLEXO PRESSES

# SIRIO 2/4/6/8 SG

FLEXO STACK IN LINE  
WITH EXTRUSION PLANTS AND BAG MAKING MACHINES

High quality with "Stack"  
Bio ready eco friendly

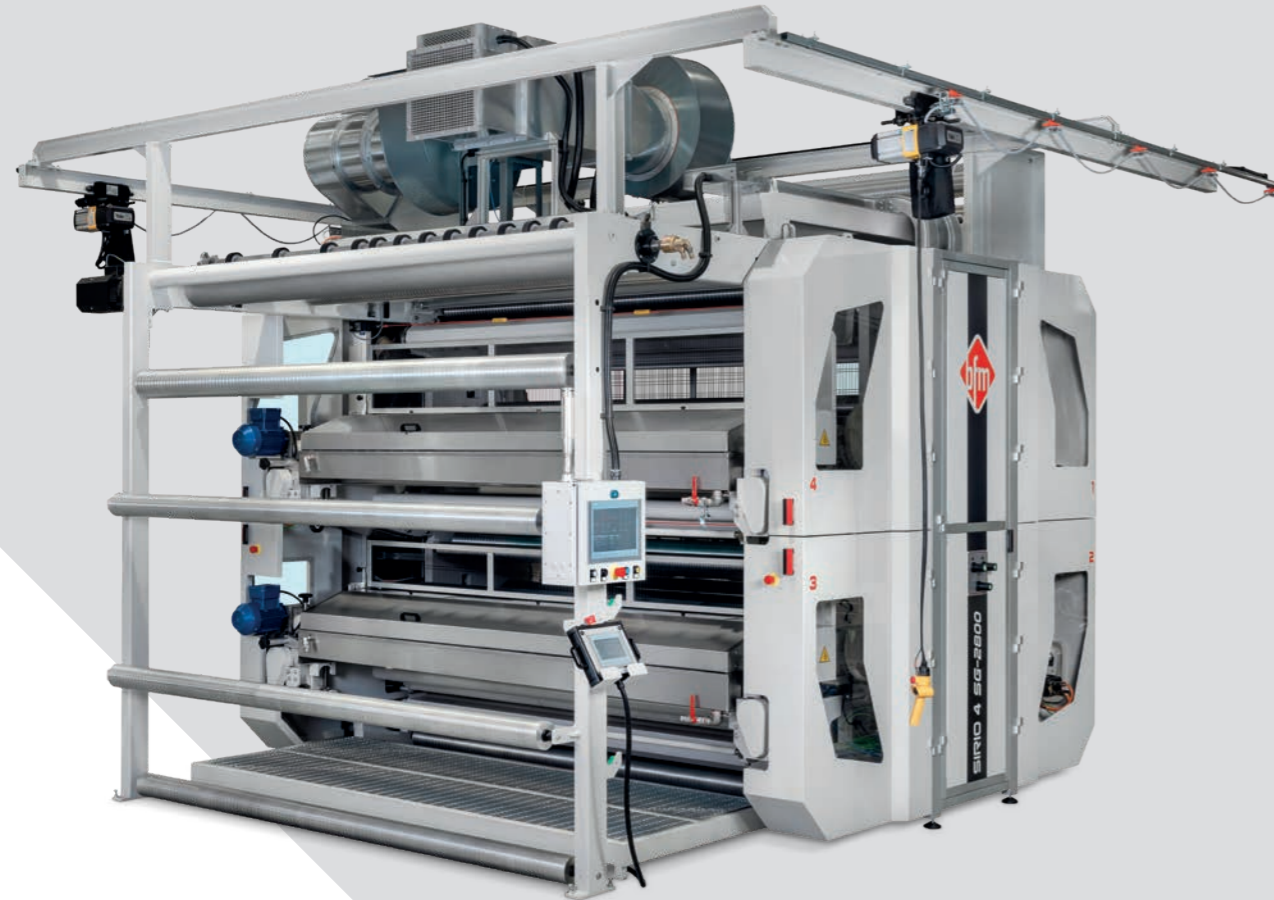

Plastic Machinery Evolution  
SINCE 1975

FLEXO PRESSES

## SIRIO 4 SG

FLEXO STACK IN LINE  
WITH EXTRUSION PLANTS AND BAG MAKING MACHINES

High quality  
with "Stack"  
Bio ready eco friendly

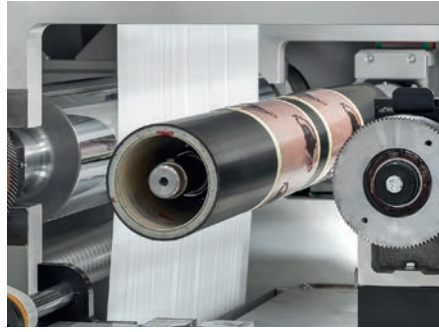

FLEXO PRESSES

## SIRIO 2 SG

FLEXO STACK IN LINE  
WITH EXTRUSION PLANTS AND BAG MAKING MACHINES

High quality  
with "Stack"  
Bio ready eco friendly

- Gruppi stampa compatti a 2-4-6-8 colori
- Applicazioni in linea con estrusori e saldatrici
- Avanzamenti dei gruppi stampa motorizzati tramite motori Brushless
- Cilindri controstampa indipendenti tramite motori servo
- Cambio rapido delle maniche porta cliché in macchina
- Asciugamento ad alimentazione elettrica
- Ballerino per la sincronizzazione della velocità

- Compact Printing groups 2-4-6-8 colours
- Units in line with Extruders and Bag Making machines
- Motorized Printing groups feedings through Brushless motors
- Each counter roller is independent, driven by servo motors and absolute encoder
- Quick change over for plate sleeves directly inside the machine
- Electrical drying system
- Dancing roller for speed adjustment

- Compacto grupos de impresión 2-4-6-8 colores
- Aplicaciones en línea con extrusoras y soldadoras
- Avance grupos de impresión motorizados por medio de motores brushless
- Rodillos de contra impresión independientes por medio de motores servo y encoder absoluto
- Cambio rapido de mangas en maquina, para clisé
- Sistema de secado, por medio de resistencias electricas
- Bailarin a la entrada para la regulaci3n de velocidad

## DATI TECNICI DELLA LINEA | TECHNICAL DATA | DATOS TECNICOS

Modello   Model   Modelo	800	1000	1200	1400	1600	1800
Pass. Film [mm] Material Passage   Paso material	820	1020	1220	1420	1620	1820
Utile Stampa [mm] Max printing width   Ancho util de Impresión	800	1000	1200	1400	1600	1800
Qualità colori [no.] No. of colours   No. Colores	2/4/6/8					
Possibilità di stampa Printing possibilities   Posibilidad de impresión	2	2+0 / 1+1				
	4	4+0 / 2+2 / 3+1				
	6	6+0 / 3+3 / 4+2 / 5+1				
	8	8+0 / 4+4 / 5+3 / 6+2 / 7+1				
Lunghezza stampa min. [mm] Min. printing length   Desarrollo min.	350	350	350	400	400	400
Lunghezza stampa max [mm] Max printing length   Desarrollo max	1200					
Velocità meccanica max [m/min] Mechanical max speed   Velocidad mecanica max	180					

Stampe In linea con estrusori – Possibilità di versioni speciali – Larghezza di stampa utile fino a 3000 mm  
 Flexo In Line with Extruders – Possibility of special versions – printing width up to 3000 mm  
 Impresoras en Linea con extrusoras – Posibilidad de versiones especiales – Ancho util de impresión hasta 3000 mm
